

## **PARENTS SURVEY DATA -2019**

The Parent Survey was conducted among parents (Father, Mother or Caregiver) of grade 8 students at 114 schools. The objective of the survey was to gather information regarding parents' family background, home environment, financial condition, and perception of the value and relevance of education, expectation of educational achievement of children and so on. The survey was administered in a Computer Assisted Personal Interview (CAPI) format.

Out of 4889 eligible parents 4606 parent interviews were completed resulting in a 94.2% completion rate. 283 interviews were incomplete, which include 53 within Chitwan district, 11 outside of Chitwan but within Nepal, 4 outside of Nepal, 135 with unknown addresses, 77 refusals and 3 non-eligible parents (because 1 child was dead and 2 children were impaired).

The project was led by the Principal investigator Prof. Dr. Dirgha Jibi Ghimire, Population Studies Center, University of Michigan, and Executive Director, ISER-N; Co-investigators Prof. Dr. Brian Rowan, and Prof. Dr. William G. Axinn, Institute for Social Research University of Michigan.

## SECTION A: HOUSEHOLD WEALTH AND ASSETS

PA_1	<p>People earn and manage their livelihood in different ways. In some households all family members work on a farm; in other households, some family members work on a farm, some have their own business, others work in salary jobs within Nepal and some even go to foreign countries to work. Similarly, others work as wage laborers, some have earned a pension, some have received an elderly allowance, some get interest from loans or investments, and some have sold their property or taken loans.</p> <p>How are you earning / managing your household livelihood now? <b>Mark all that apply</b></p>
